## Driver/Operator Review Class

### Refresh and Sharpen Your Driver/Operator Skills

The skills your learned in your Driver/Operator course can get pretty rusty if you don't have the opportunity to use them frequently after the class is over. So the Academy is offering a new Driver/Operator Review Course. The first day of this two day class day will consist of calculation, rough rule, and a general review of the 80 hour course. The second day will involve hands-on driving and pumping in the field.

We will adjust the schedule according to the number of students that show up for these reviews. For example, we can take half of the class to exercise driving and pumping skills on the first day while the other half works in the classroom. On the second day the two groups can switch functions.

Besides reviewing what was previously learned, the class will include a look at any new principles and/or practices that have emerged in recent times. There will also be an opportunity for students to find answers to questions that may have come up on the job since they took the Driver/Operator course.

Students should bring helmet, gloves, boots, and eye protection...and be prepared to have a good time!

**Cost:**<sup>1</sup> \$120 (\$100 ecm<sup>2</sup>)  
**Deposit:**<sup>3</sup> \$30 due at registration time  
**Book:** Instructor Handout  
**Time:** Lecture/Classroom 0900-1700  
 Hands-on Practice 0900-1700  
**Dates:** 2008

Class Dates	Balance Due
Feb 28-29	Feb 21
May 12-13	Apr 28
Aug 11-12	Jul 28

<sup>1</sup> class fees subject to change
