## Driver/Operator Review Class

### Refresh and Sharpen Your Driver/Operator Skills in this 24-hour Class

The skills you learned in your Driver/Operator course can get pretty rusty if you don't have the opportunity to use them frequently. So the Academy offers a Driver/Operator Review Course. The first day of this three day class consists of calculation, rough rule, and a general review of the 80-hour course. The second third involves hands-on driving and pumping in the field.

We adjust the schedule according to the number of students that show up for these reviews. For example, we can take half of the class to exercise driving and pumping skills on the first day while the other half works in the classroom. On the second day the two groups can switch functions.

Besides reviewing what was previously learned, the class includes a look at any new principles and/or practices that have emerged in recent times. There is also be an opportunity for students to find answers to questions that may have come up on the job since they took the Driver/Operator course.

**Students should bring helmet, gloves, boots, and eye pared to have a good time!**

**Cost:**<sup>1</sup> \$180 (\$150 ecm<sup>2</sup>)  
**Deposit:**<sup>3</sup> \$30 due at registration time  
**Book:** Instructor Handout  
**Time:** Lecture/Classroom 0900-1700  
 Hands-on Practice 0900-1700
